

164243 - RLU 110.300 ER KABELGOOT +KOPP. L=3

Product data

Product code:	164243
Brand:	Niedax Group
Series:	Niedax Cable tray
Type:	RLU
EAN Code:	04013339333004
Technical description:	RLU 110.300 ER KABELGOOT +KOPP. L=3
ETIM class:	EC000047 - Cable tray

Technical data

Width:	300
Model:	Included connector
Height:	110
Type of connection:	Screwed
RAL-number:	-
Surface protection:	Other
Weight:	3.57771
Material thickness:	1
Side perforation:	No
Material quality:	Stainless steel 304 (V2A)
Length:	3000
Working temperature:	-20 - 120
Material:	Stainless steel
Bottom perforation:	No
Usable cross section:	32800
NATO-mounting holes:	No
Working length:	3000
Suitable for circuit integrity:	No

With cover:	No
Load test type according to IEC 61537:	Type II
Possible support spacing:	- - 3
Safe working load according to IEC 61537 with support spacing 0.5 m:	-
Safe working load according to IEC 61537 with support spacing 1.0 m:	-
Safe working load according to IEC 61537 with support spacing 1.5 m:	2000
Safe working load according to IEC 61537 with support spacing 2.0 m:	1100
Safe working load according to IEC 61537 with support spacing 2.5 m:	750
Safe working load according to IEC 61537 with support spacing 3.0 m:	-
Safe working load according to IEC 61537 with support spacing 4.0 m:	-
Safe working load according to IEC 61537 with support spacing 5.0 m:	-
Safe working load according to IEC 61537 with support spacing 6.0 m:	-
Safe working load according to IEC 61537 with support spacing 7.0 m:	-
Safe working load according to IEC 61537 with support spacing 8.0 m:	-
Safe working load according to IEC 61537 with support spacing 10.0 m:	-
Safe working load according to IEC 61537 with support spacing 9.0 m:	-
Safe working load according to IEC 61537 with support spacing 11.0 m:	-
Safe working load according to IEC 61537 with support spacing 12.0 m:	-
