

# 165043 - RFD 60.300 ER VERVALSTUK Z. DEKSEL

## Product data

|                        |                                    |
|------------------------|------------------------------------|
| Product code:          | 165043                             |
| Brand:                 | Niedax Group                       |
| Series:                | Niedax Cable tray                  |
| Type:                  | RFD                                |
| EAN Code:              | 04013339025954                     |
| Technical description: | RFD 60.300 ER VERVALSTUK Z. DEKSEL |
| ETIM class:            | EC002400 - Bend for cable tray     |

## Technical data

|                                 |                       |
|---------------------------------|-----------------------|
| Model:                          | Integrated connector  |
| RAL-number:                     | -                     |
| Surface protection:             | Other                 |
| Material thickness:             | 1                     |
| Construction type:              | Bend rigid            |
| Side perforation:               | No                    |
| Angle:                          | 90°                   |
| Material quality:               | Other                 |
| Working temperature:            | -20 - 120             |
| Material:                       | Stainless steel       |
| Bottom perforation:             | No                    |
| Inner radius:                   | 199                   |
| Suitable for cable tray width:  | 300                   |
| Suitable for cable tray height: | 60                    |
| Change of direction:            | Vertically descending |
| NATO-mounting holes:            | No                    |
| Stainless steel, pickled:       | No                    |
| Suitable for circuit integrity: | No                    |

|                             |                |
|-----------------------------|----------------|
| With cover:                 | No             |
| Bend model:                 | Segmental bend |
| For connection with screws: | Yes            |
| For screwless connection:   | No             |
