

## 640003 - BU651058.3 WANDKANAAL L=2

### Product data

|                        |                             |
|------------------------|-----------------------------|
| Product code:          | 640003                      |
| Brand:                 | Niedax Group                |
| Series:                | Kleinhuis Kunststof kanalen |
| Type:                  | BU                          |
| EAN Code:              | 04011126050486              |
| Technical description: | BU651058.3 WANDKANAAL L=2   |
| ETIM class:            | EC001938 - Wall duct        |

### Technical data

|                               |                          |
|-------------------------------|--------------------------|
| Colour:                       | White                    |
| Width:                        | 105                      |
| Halogen free:                 | No                       |
| Depth:                        | 66                       |
| RAL-number:                   | 9010                     |
| Surface protection:           | Other                    |
| Material quality:             | Polyvinyl chloride (PVC) |
| Length:                       | 2000                     |
| Working temperature:          | -5 - 60                  |
| Material:                     | Plastic                  |
| Mounting method cover:        | Inner lying              |
| Number of covers:             | 1                        |
| Number of plug-in partitions: | 1                        |
| Bottom perforation:           | Yes                      |
| With cable fixing clip:       | No                       |
| With duct connector:          | No                       |
| Usable cross section:         | 6546                     |
| Cover width 1:                | 80                       |

|                                      |                          |
|--------------------------------------|--------------------------|
| Cover width 2:                       | -                        |
| Cover width 3:                       | -                        |
| With protective foil:                | Yes                      |
| Symmetric:                           | Yes                      |
| Degree of protection (IP):           | IP20                     |
| Construction rear wall (inner side): | Continuous other profile |
| Construction type rectangular:       | Yes                      |
| Covers included:                     | No                       |
| Anti-bacterial treatment:            | No                       |
